Mileage : 2.34 Miles
Elev Gain : 17m

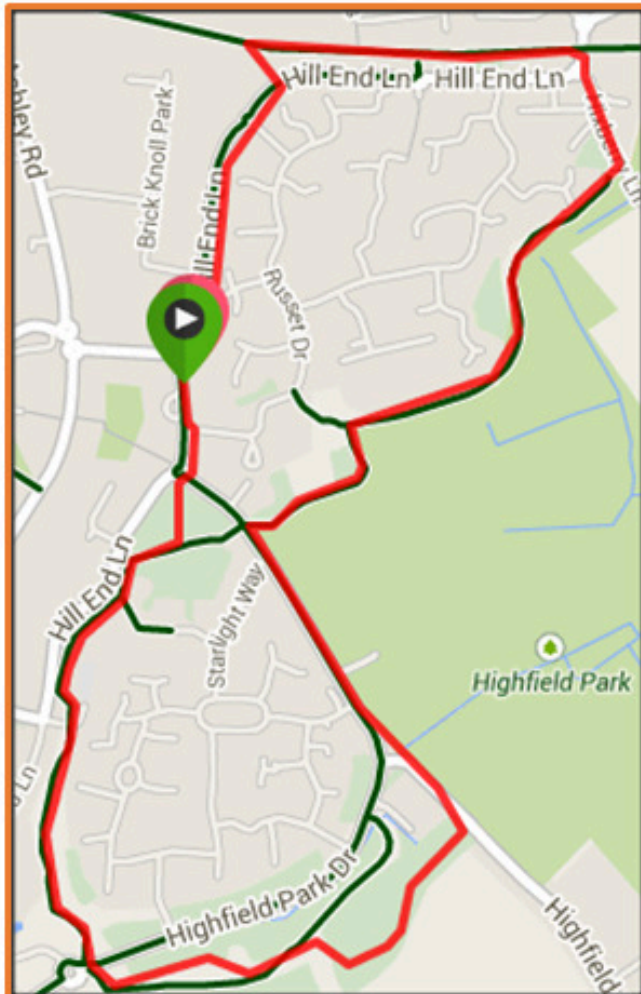

Route Description – (Red route on the map outlines the walk)

Enter the park at the entrance by the mini roundabout at the junction of Hill End Lane & Highfield Lane.
Pass **the maze** on your right and turn right onto the paved path, continue past West Lodge then through the orchard until you emerge near the Highfield Park Drive roundabout.
Cross the road and continue on the path through the section of the park south of Highfield Park Drive, keeping to the route on the right.

Enter **Winchfield Wood** on your right and follow the bark chip path until you emerge onto Highfield Lane.
Turn left and follow Highfield Lane, entering the pedestrian gate on your right just before Cranwell Close.
Follow the path between the fenced all weather pitches and the playing field as it bends to the left before turning right on the main paved path past the **Village green** and **Hixberry Lane Orchard**.

Exit through the pedestrian gate onto Hixberry Lane and turn left.
Between the two mini roundabouts on Hill End Lane turn left onto the Alban Way.
On your left you will see **the old platform** from the Hill End train station.
Keep an eye out for the blue sign pointing towards Highfield Park - turn left here through the **Hill End Garden of Rest** and cut through back onto Hill End Lane.
Turn right and follow Hill End Lane to complete the loop and return to your starting point.

General advice: take care when crossing roads, wear a head torch when it's dark, some of the paths will be muddy after wet weather"
