## 🚩 The Map

The map scale is 1:5,000, which means 1cm on the map represents 50m on the ground.

All symbols are explained in the Legend on the map. Note that open grassy areas are marked in yellow, roads and paths are brown and black, and woodland ranges from white (runnable) through various shades of green showing thicker vegetation.

Olive green is used to show private areas, which are mainly housing. Please keep out of these areas.

## 🚩 Instructions

There are 40 controls marked with circles on the map. The start and finish are in the same place, and are marked as a triangle and double circle, labelled S and F.

Each control is marked on the ground with a small red and white marker with the control number and a letter on it. You can write down the letter against the control number in the boxes on the right. Answers are on the Highfield Park Trust website.
